January 2024

Friends and Supporters,

This letter is to confirm the Cystic Fibrosis Gala and Golf Tournament are fundraisers for Cystic Fibrosis Canada. The golf tournament will take place on June 6, 2024 at Ariss Valley Golf and Country Club. While the gala will be held at Bingemans Event Centre on November 2, 2024.

Cystic fibrosis (CF) is the most common, fatal genetic disease affecting young Canadians. CF causes various effects on the body, but mainly affects the lungs and digestive system. More than 4200 Canadians are living with CF. There is no cure.

Thanks to the support of Community Events like that of the Cystic Fibrosis Gala and Golf Tournament organized by Megan Webb, Beverly Krzmarcik and Dayna Goad we can continue to invest in CF advancements, and we are closer than ever before to finding a cure or control for this devastating disease.

If you require additional information regarding our endorsement of this event, please feel free to contact me at jmcdougall@cysticfibrosis.ca or 289-880-8383

Warm Regards,

Johanna McDougall
